Sanctioning the proposal

Serial No.

From the mil Commnr. Bcig, Hrs 0845.
No A5. 779/41 Dy 25-2-42
submits for sanction proposals for the revision of the scale of pay of the Vaccinators working in the city only resulting in an extra cost of Rs 95 p.m.

From the proposition statement sent up by the mil Commnr, it is seen that at present there are only 4 Vaccinators working in the city only - 3 on Rs 25/- each p.m & one on Rs 20/- p.m - It is now proposed to increase the number by three more on Rs 20/- each p.m raising the total number of Vaccinators to 7. Cycle allowance of Rs 5/- to each of the Vaccinators is also proposed to be given. The extra cost involved in the proposal is Rs 95/- p.m.

Provision made in the current year Budget of the city in this behalf has been retained. It is proposed to give effect to this revision from 1-3-42.

In view of the expansion of the city all directions the increase in the no of Vaccinators asked for appears to be necessary

By the addition of three more Vaccinators the territorial jurisdiction of each of them is also reduced. This is what the Health Officer has also stated further, the financial condition of the Municipality is anything but satisfactory. Having regard to these facts, the question of paying the conveyance allowance to the Vaccinators is however pertinent for consideration.

SIR,

I have the honour to state that there are at present four vaccinators in this Municipality - one on Rs.20/- and 2 on Rs.25/- each per mensem and that no Conveyance Allowance is being paid to them. This staff is found to be quite inadequate to satisfactorily attend to the vaccination work in this City which is expanding year after year. As the Vaccinators have to move about daily in the several parts of the City to discharge their work, it is necessary that they should maintain a cycle. It is also absolutely necessary to suitably increase the staff. The Municipal Council therefore made provision in the current year's budget under Item "E" Public Health (g) Vaccination Establishment to appoint 3 additional hands on Rs.20/- each per month and to grant Cycle Allowance to all the 7 Vaccinators at Rs.5/- each per month. This provision has been retained in the budget sanctioned by Government. Copies of the proposition statements in triplicate showing the existing and proposed scale of pay are herein enclosed for favour of obtaining the sanction of Government to entertain 3 additional hands on Rs.20/- each per month and to the grant of Cycle Allowance of Rs.5/- per month to each of the seven Vaccinators to be working in this Municipality with effect from 1-3-42.

Letter No A2-75/41-42 from the Health Officer, City Municipality, Bangalore to the Municipal Commissioner, Bangalore City Municipality, Bangalore City

---

Reference - Memo No 779/41-42 dated 24th March 1942 forwarding a copy od letter No 8378/M1 10-41-86 dated 16th March 1942 from the Secretary to Government, Law Department, Bangalore in the matter of increasing the strength of the vaccinators of the City Municipality

---

Submitted to the Municipal Commissioner

1	Why a cycle allowance proposed for the first time to be attached to the vaccinators?	There are only 4 vaccinators entertained by the Bangalore City The City is growing vast in extent and to cover up the areas by foot results in delay to get through the work The area of the City and extensions come up to about 15 square miles and the distribution of 4 vaccinators in that area is inadequate to meet requirements and efficiency The vaccinators have also submitted a memorial pleading their grievances on this account
2	Are the vaccinators getting the cycle allowance in other Municipalities?	In Kolar Gold Field the vaccinator is paid Rs 5/- C A & Rs 5/- L A In Mysore City no allowances are given
3	What is the total distance that each of the seven vaccinators is expected to cover daily on duty.	About to 6 to 7 miles
4	Are the existing 4 vaccinators maintaining cycles and was any cycle advance given to any of them	All the vaccinators are maintaining their own bicycles No advances have been given to them
		In view of the increase of vaccinators from 4 to 7 the question of granting the conveyance allowance or otherwise may be ~~xxx~~ again considered

Regarding the proposal of the Director of Public Health revising the scale of pay it seems to be very reasonable to do so

A statement of the present personal of the vaccination staff, their pay at present and the date from which it is being drawn, is herein enclosed as called for in Memo No A5-1496/40 dated 1-3-1942
